

Our Customers

We would like to take this opportunity to say thank you to all our customers who have supported us with our expansion. It has been a very exciting and stressful time for our family. We have been really touched by all our longtime customers who have expressed their concern for us making the big move. There have been more than a few, including ourselves, that questioned the move from such a high traffic shopping center. So Far, it has been a good decision and our sales have increased a little more than we anticipated. It took us a few months to work out the kinks and the kitchen is running much smoother. The banquet room has been the best addition to the new and improved Bellacino's. The full service banquet facility is in the back of the building behind the game room and overlooks the gorgeous wooded property in the rear. The room holds up to 75 people and includes four 42" HDTV's and has a separate stereo system with XM/Sirius radio and MP3/Ipod capabilities. There is a separate, fully stocked bar in the banquet room that works great for any occasion. We can cater breakfast, lunch and dinner. You can choose any of our regular menu items for your party, but we also have a unique breakfast options like breakfast pizza and grinders. Breakfast items are available for catering in the banquet room and offsite catering only. The formal lunch and dinner menu is the newest addition to our banquet and something we haven't done before. The formal menu includes: chicken cordon bleu, crab stuffed salmon, lemon chicken and pot roast with sides like potatoes au gratin, green bean almondine and vegetable medley.

We just hosted 64 guests for the Stow-Munroe Falls Rotary Club Installation Banquet and we received great reviews from all who attended. For the full banquet menu please check out our website at www.bellacinosofstow.com. If you are interested in booking the room or just have questions please feel free to contact at 330-678-3000 and ask for Joe Whitacre, Banquet Manager, or Brad or Kelly. You can also email Joe at jwhitacre@bellacinosofstow.com

Great Lakes Brewing Co. Beer Tasting

We are going to be having a beer tasting event in the Bellacino's banquet room on Wednesday August 12, 2009 from 6:30PM to 9:30PM. We will be charging \$20 plus tax per person and that will include a sample of all the different beers and a dinner buffet that will have grinders, pizza, salad and a variety of different appetizers. I have been a huge fan of Great Lakes beers for years especially Dortmund Gold, and I wanted to start our first event with my favorite beer company. Zak Blau, Field Sales Representative for Great Lakes Brewing Company, will be hosting the event and will be bringing in six to eight different brews. He will talk about the different types of beers and give a brief history of each. He will help us pair the different beers with the proper foods to make your dining experience even better. This will be the first of many tasting events we will be having at Bellacino's. My hope is to have an event every quarter and sample wine, scotch, whiskey, martinis, margarita and vodka. There is no one doing this sort of thing in the area and I have always wanted to try different beers, wine and liquors, but I did not want to buy a whole six pack or bottle. If you are interested in coming to our event, please stop by the bar, the bartender will take your \$20 plus tax and reserve your spot. The deadline to reserve a spot will be August 10th at 5:00PM. When you sign up, you will be required to give us your name and email address so we can remind you when the date gets closer. If you have any questions feel free to send me an email at info@bellacinosofstow.com or call Brad at 330-678-3000.

A Special Thanks to Jim Pickard

We want to thank Jim Pickard at Pickard Commercial Group, LLC for helping me put this real estate deal together. Jim started working with us on this deal in February 2007 and made our first offer on a different piece of property in March 2007. We finally settled on our current location in early June 2007 and struck a deal with the landowners by the end of June. Jim spent countless hours helping make the numbers work for us, U.S. Bank and general contractor Roger Bourgeois. Jim took phone calls on the weekends, during vacations and late in the evenings when we were stressed and needed guidance. He was a very calming influence that would layout the problems and then help us find solutions to most of them. If you are looking at buying or leasing any kind of commercial property in the future, I would recommend you contact Jim Pickard at 330-794-7986 or go to the company website at www.pickardcommercial.com.
