

## WE MOVED!!

It finally happened. We opened up at our new location at **3657 Fishcreek Road** in Stow about February 26th. We're very excited about the move and love our new building. It's double the size of the old place and we have a lot of new and fabulous features. We have a banquet/party room which seats up to about 100 people with its own bar and XM radio system and 4 HDTV's to watch the games on. We also have a full bar, a pick up window and our outdoor patio seating area will be opening up in the next month. If you haven't been in to see the new place yet come on in and check out our new game room for the kids so they stay occupied while you enjoy yourself.

We have also added some new appetizers our menu. Our wings and boneless wings fantastic. They are available in BBQ, Buffalo, Ranch and Teriyaki. Try them with a side of or Blue Cheese and you'll love them. We've added Mac N' Cheese bites, Mozzarella sticks

to are Garlic Ranch also served

with a side of our yummy pizza sauce or Ranch and Spinach and Artichoke Dip served with tortilla chips. Our appetizers go great with our draft selection that includes Michelob Ultra, Bud Light, Great Lakes Dortmunder, Great Lakes Grass Roots Ale, Honey Brown, Miller Lite, Coors Light, Blue Moon, Labatt Blue & Guinness on draft. We also have many other beers available in bottles

along with selection through domestic Come in Cavs and grinder or

Mike's Hard Lemonade, a great wine and liquor. Our happy hour is Monday Friday 3p.m - 7p.m. with \$3.00 drafts and \$.50 off all well drinks. and check out the bar and watch the Indians games while you enjoy a pizza with your beer.

Those of you with kids, remember we're still a family restaurant first and foremost. There is plenty of seating that is not near the bar and we now have a great game room for the kids to play in while you're waiting for your food. Speaking of waiting, I want to explain our ordering process to those customers who wonder why our food takes anywhere from 15 to 25 minutes to make. Nothing is pre-made. We make everything fresh and made to order when you place your order at the counter. Please understand we do our best to get your order out as fast as humanly possible, but good quality food takes time to make. If you're in a hurry, call your order in ahead of time. Just make sure you let the person taking your order know that you will be dining in the restaurant. Also, if you're placing a take-out order, call **330-678-3000** (Please note our new number) and tell them you'd like to pick it up at our pick-up window located on the South side of our building (closest to Dairy Queen) under the burgundy canopy. It saves you time and you don't even have to get out of your car.

## Bellacino's Grand Opening April 15th !

The Ruth Family would like to you to join us for our Grand Opening on Wednesday April 15th from 4:00 PM to 12:00AM. We will have Mayor Karen Fritschel and several other City of Stow officials at Bellacino's for a ribbon cutting ceremony and celebration. We will have face painting and a balloon specialist by the name of Timmy "Twister" to make all different kinds of balloon characters for the kids. We will have happy hour prices at the bar for the entire night of the event. We delayed the Grand Opening until we felt we could handle all the customers.

If you have visited during the weekend during our first month open, you probably noticed we were quite busy and had some difficulty handling it the first weekend. We have finally worked all the kinks out of the kitchen we are running a much smoother operation now.

**New Phone Number: 330-678-3000**

**Specials Thanks to the following contractors who worked hard to get this project completed on time and on budget:**

General Contractor:  
Paragon Investments  
Roger Bourgeois
